## Resources and Assets for Outbreak Preparedness and Response

- Each section includes extra rows for facility/locale-specific additions.
- This worksheet lists potential assets and resources for preparing for and responding to an outbreak. While all that are listed may not be needed for each outbreak, this table should be completed as part of outbreak preparedness to avoid needing to find information during a crisis.

	Examples	Notes	Location(s) (physical location, URLs, file paths, etc.)	Contact(s)
Facility	Floor plans			
	Generators			
	HVAC systems			
	Power			
	Sanitation			
	Ventilation			
	Water
